

**AGENDA**  
**NOVEMBER 19, 2025 – 2:00 PM**  
**OCONTO COUNTY LIBRARY SERVICES BOARD**  
**COMMITTEE OF OCONTO COUNTY BOARD OF SUPERVISORS**  
**GILLETT PUBLIC LIBRARY 200 E MAIN STREET GILLETT, WI 54124**  
**[www.ocontocountywi.gov](http://www.ocontocountywi.gov)**

This is an open meeting of a committee of the Oconto County Board of Supervisors. Notice of this meeting was given to the public at least twenty-four hours prior to the meeting, by forwarding the complete agenda to the newspapers and to all news media who have requested the same as well as by posting. Copies of the complete agenda were available for inspection at the Office of the County Clerk and from the County's website calendar: [www.ocontocountywi.gov](http://www.ocontocountywi.gov)

1. Call to Order
2. Statement of County Mission and Vision
3. Approval of Agenda
  - 3.1. Change of Sequence
  - 3.2. Removal of Items
4. Approval of Minutes of the August 27, 2025 Meeting (Enc.)
5. Communications
6. County Administrator Report
7. County Library Reports
8. Nicolet Federated Library System (NFLS) Report
9. Library Services Plan Distributions for 2026 (Enc.)
10. Opioid Remediation Project Funding Guidelines (Enc.)
11. Future Agenda Items
12. Announcements/General Information (No action to be taken)
13. Next Meeting Date/Location
14. Adjournment

Any person wishing to attend the meeting who requires special accommodation because of a disability should contact the Oconto County Clerk's office at 920-834-6800 at least 24 hours before the meeting begins so that appropriate accommodations can be made.

Persons who are members of another governmental body, but who are not members of this committee, may attend this meeting. Their attendance could result in a quorum of another governmental body being present. Such a quorum is unintended, and they are not meeting to exercise the authority, duties, or responsibilities of any other governmental body.

c: Library Services Board, County Administrator, Finance Director, Corporation Counsel, County Board Chair, County Librarians, Media (via email); County Website; Central File, Official Posting Location (Physical Copy)

KP/Date Posted: 11/14/2025

**MINUTES**  
**AUGUST 27, 2025 – 2:00 PM**  
**OCONTO COUNTY LIBRARY SERVICES BOARD**  
**COMMITTEE OF OCONTO COUNTY BOARD OF SUPERVISORS**  
**GILLETT PUBLIC LIBRARY 200 E MAIN STREET GILLETT, WI 54124**  
**[www.co.oconto.wi.us](http://www.co.oconto.wi.us)**  
*(Draft minutes, not yet approved)*

**BOARD MEMBERS PRESENT:** Vicki Gooding, At Large Member; Emily Miller, Oconto Unified School District Superintendent; Debra Schroeder, Farnsworth Public Library; Dawn Byars, Gillett Public Library; Alan Sleeter, Oconto County Board of Supervisors Chair

**COMMITTEE ABSENT:** Judy Patenaude, Lena Public Library; Kathleen Marsh, Lakes Country Public Library

**OTHERS PRESENT:** Richard Heath, County Administrator; Kathryn Essermann, Lakes Country Public Library Director; Rachel Pascoe, Oconto Falls Community Library; Joan Denis, Nicolet Federated Library System; Kristie Hauer, Nicolet Federated Library System; Kim Pytleski, Oconto County Clerk

**TIME MEETING BEGAN:** The meeting was called to order at 2:00 p.m. by Gooding.

**1. Call to Order**

**2. Statement of County Mission and Vision**

Richard Heath, County Administrator, read the mission and vision statement.

**3. Approval of Agenda**

**3.1. Change of Sequence**

**3.2. Removal of Items**

Motion by Miller/Sleeter to approve the agenda as presented. The motion was voted on and carried.

**4. Approval of Minutes of the May 21, 2025 Meeting**

Motion by Byars/Miller to approve the 02/26/2025 minutes as corrected. The motion was voted on and carried.

**5. Communications – None.**

**6. County Administrator Report**

Richard Heath, County Administrator, gave the County Administrator report. Discussion followed. One of the items discussed was the payment of the 2026 discovery guide ad (will be paid for out of the county subscriptions line item), and additional budget numbers for countywide programming efforts. There is currently no line item in the county budget for that purpose.

**7. County Library Reports**

- Kathryn Essermann, Director, presented the Lakes Country Public Library report. Placed on file and treated as information to the board.
- Rachel Pascoe, Director, presented the Oconto Falls Community Library report. Placed on file and treated as information to the board.
- Written reports were submitted by directors from the Gillett Public Library, Lena Public Library, and Suring Area Public Library. Placed on file and treated as information to the board.

**8. Review of Library Services Plan**

There are no proposed changes to the current library plan. Board discussed joint library structure, the innovation grant awarded to the City of Oconto Falls to explore library structure best practices, and the temporary closing of the Coleman library due to a fire.

**9. Nicolet Federated Library System (NFLS) Report**

Joan Denis, Nicolet Federated Library System, gave the NFLS report and introduced Kristie Hauer from the Nicolet Federated Library System. Discussion followed.

**10. Library Planning Committee Update – None.**

**11. Future Agenda Items**

- OPIOID remediation dollar awareness campaign.

**12. Announcements/General Information (No action to be taken)**

- Heath announced the OPIOID remediation dollars awareness campaign could be used in conjunction with libraries.
- Gooding announced resignation from the Board effective December 31, 2025. The board thanked her for her years of service!

**13. Next Meeting Date/Location**

The next meeting of the Library Services Board will be Wednesday, November 19th, 2025 at 2:00 p.m. at the Gillett Community Center.

**14. Adjournment**

Motion by Schroeder/Sleeter to adjourn. The motion was voted on and carried at 2:43 p.m.

# Opioid Abatement Ad-Hoc Steering Committee

## **Overview:**

Oconto County joined other units of government in Wisconsin and other states in holding opioid manufacturers, distributors and retailers accountable for their role in the opioid crisis. Over a number of years, opioid use has created a burden on many functions of county government including law enforcement, human services, courts, and the medical examiner. This has harmed communities, individuals and families.

The first settlements were reached with Janssen and other distributors, with payments beginning in 2022. These payments are estimated to be \$754,917 beginning in 2022 and continuing through 2038. As of 2023, other settlements are being proposed with retailers and some manufacturers that will have payments beginning in 2023 and continuing through 2036. A grid is attached to illustrate the cash flows from settlements over time. These are *estimates* when available and can change due to settlement parties or bankruptcies.

## **Approved Uses of Funds**

Funds from the settlements must be used from one of the remediation uses identified in the settlement documents and attached as "Exhibit E". While each settlement may have some slight differences, the list of remediation uses is largely consistent from group to group.

- **Schedule A Core Strategies:**
  - Naloxone or other FDA-approved drug to reverse opioid overdoses
  - Medication-Assisted Treatment ("MAT") distribution and other opioid-related treatment
  - Pregnant & postpartum women
  - Expanding treatment for neonatal abstinence syndrome ("NAS")
  - Expansion of warm hand-off programs and recovery services
  - Treatment for incarcerated population
  - Prevention programs
  - Expanding syringe service programs
  - Evidence-based data collection and research analyzing the effectiveness of the abatement strategies within the state
- **Schedule B Approved Uses**
  - Part 1-Treatment
    - Treat opioid use disorder (OUD)
    - Support people in treatment and recovery
    - Connect people who need help to the help they need (connections to care)
    - Address the needs of criminal justice-involved persons
    - Address the needs of pregnant or parenting women and their families, including babies with neonatal abstinence syndrome
  - Part 2-Prevention
    - Prevent over-prescribing and ensure appropriate prescribing and dispensing of opioids

- Prevent misuse of opioids
- Prevent overdose deaths and other harms (harm reduction)
- Part 3-Other Strategies
  - First Responders
  - Leadership, planning and coordination
  - Training
  - Research

**Purpose of Steering Committee:**

To provide recommendations to the Oconto County Board of Supervisors for activities and expenditures related to the approved uses of funds for Opioid Remediation Uses.

**Members:**

- Health & Human Services Director or Designee
- Public Health Officer or Designee
- Sheriff or Designee
- Jail Administrator or Designee
- Health & Human Services Board Representative
- Public Safety Committee Representative
- County Administrator
- Substance Abuse Counselor
- Recovery Coach or Person in Recovery
- Health Systems/Hospital Representative
- Education Representative

**Steering Committee Officers:**

Members present at the initial meeting shall elect a chair and vice-chair.

The chair is responsible for developing the agenda, calling the meeting to order, and following meeting rules.

The vice-chair is responsible for the duties of the chair when the chair is not able to attend a meeting.

**Meetings:**

Meetings are to be held monthly, and follow the requirements of the Wisconsin Open Meetings Law.

A staff person will be assigned and responsible for preparing the agenda with the chair, taking minutes, and coordinating the posting of all minutes and agendas with the County Clerk's office.

**Reports:**

Reports are to be provided to the Public Safety Committee and Health & Human Services Board monthly and may be verbal or written.

A draft final report and recommendations is to be provided to the Public Safety Committee and Health & Human Services Board no later than 10 months from the initial meeting of the ad-hoc committee, and a final version presented to the full County Board of Supervisors within 12 months of the initial meeting of the ad-hoc committee.

## Opioid Settlements Summary

**EXHIBIT E**

**List of Opioid Remediation Uses**

**Schedule A  
Core Strategies**

States and Qualifying Block Grantees shall choose from among the abatement strategies listed in Schedule B. However, priority shall be given to the following core abatement strategies (“*Core Strategies*”).<sup>14</sup>

**A. NALOXONE OR OTHER FDA-APPROVED DRUG TO  
REVERSE OPIOID OVERDOSES**

1. Expand training for first responders, schools, community support groups and families; and
2. Increase distribution to individuals who are uninsured or whose insurance does not cover the needed service.

**B. MEDICATION-ASSISTED TREATMENT (“MAT”)  
DISTRIBUTION AND OTHER OPIOID-RELATED  
TREATMENT**

1. Increase distribution of MAT to individuals who are uninsured or whose insurance does not cover the needed service;
2. Provide education to school-based and youth-focused programs that discourage or prevent misuse;
3. Provide MAT education and awareness training to healthcare providers, EMTs, law enforcement, and other first responders; and
4. Provide treatment and recovery support services such as residential and inpatient treatment, intensive outpatient treatment, outpatient therapy or counseling, and recovery housing that allow or integrate medication and with other support services.

---

<sup>14</sup> As used in this Schedule A, words like “expand,” “fund,” “provide” or the like shall not indicate a preference for new or existing programs.

**C. PREGNANT & POSTPARTUM WOMEN**

1. Expand Screening, Brief Intervention, and Referral to Treatment (“SBIRT”) services to non-Medicaid eligible or uninsured pregnant women;
2. Expand comprehensive evidence-based treatment and recovery services, including MAT, for women with co-occurring Opioid Use Disorder (“OUD”) and other Substance Use Disorder (“SUD”)/Mental Health disorders for uninsured individuals for up to 12 months postpartum; and
3. Provide comprehensive wrap-around services to individuals with OUD, including housing, transportation, job placement/training, and childcare.

**D. EXPANDING TREATMENT FOR NEONATAL ABSTINENCE SYNDROME (“NAS”)**

1. Expand comprehensive evidence-based and recovery support for NAS babies;
2. Expand services for better continuum of care with infant-need dyad; and
3. Expand long-term treatment and services for medical monitoring of NAS babies and their families.

**E. EXPANSION OF WARM HAND-OFF PROGRAMS AND RECOVERY SERVICES**

1. Expand services such as navigators and on-call teams to begin MAT in hospital emergency departments;
2. Expand warm hand-off services to transition to recovery services;
3. Broaden scope of recovery services to include co-occurring SUD or mental health conditions;
4. Provide comprehensive wrap-around services to individuals in recovery, including housing, transportation, job placement/training, and childcare; and
5. Hire additional social workers or other behavioral health workers to facilitate expansions above.

**F. TREATMENT FOR INCARCERATED POPULATION**

1. Provide evidence-based treatment and recovery support, including MAT for persons with OUD and co-occurring SUD/MH disorders within and transitioning out of the criminal justice system; and
2. Increase funding for jails to provide treatment to inmates with OUD.

**G. PREVENTION PROGRAMS**

1. Funding for media campaigns to prevent opioid use (similar to the FDA's "Real Cost" campaign to prevent youth from misusing tobacco);
2. Funding for evidence-based prevention programs in schools;
3. Funding for medical provider education and outreach regarding best prescribing practices for opioids consistent with the 2016 CDC guidelines, including providers at hospitals (academic detailing);
4. Funding for community drug disposal programs; and
5. Funding and training for first responders to participate in pre-arrest diversion programs, post-overdose response teams, or similar strategies that connect at-risk individuals to behavioral health services and supports.

**H. EXPANDING SYRINGE SERVICE PROGRAMS**

1. Provide comprehensive syringe services programs with more wrap-around services, including linkage to OUD treatment, access to sterile syringes and linkage to care and treatment of infectious diseases.

**I. EVIDENCE-BASED DATA COLLECTION AND  
RESEARCH ANALYZING THE EFFECTIVENESS OF THE  
ABATEMENT STRATEGIES WITHIN THE STATE**

**Schedule B  
Approved Uses**

Support treatment of Opioid Use Disorder (OUD) and any co-occurring Substance Use Disorder or Mental Health (SUD/MH) conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

**PART ONE: TREATMENT**

**A. TREAT OPIOID USE DISORDER (OUD)**

Support treatment of Opioid Use Disorder (“OUD”) and any co-occurring Substance Use Disorder or Mental Health (“SUD/MH”) conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:<sup>15</sup>

1. Expand availability of treatment for OUD and any co-occurring SUD/MH conditions, including all forms of Medication-Assisted Treatment (“MAT”) approved by the U.S. Food and Drug Administration.
2. Support and reimburse evidence-based services that adhere to the American Society of Addiction Medicine (“ASAM”) continuum of care for OUD and any co-occurring SUD/MH conditions.
3. Expand telehealth to increase access to treatment for OUD and any co-occurring SUD/MH conditions, including MAT, as well as counseling, psychiatric support, and other treatment and recovery support services.
4. Improve oversight of Opioid Treatment Programs (“OTPs”) to assure evidence-based or evidence-informed practices such as adequate methadone dosing and low threshold approaches to treatment.
5. Support mobile intervention, treatment, and recovery services, offered by qualified professionals and service providers, such as peer recovery coaches, for persons with OUD and any co-occurring SUD/MH conditions and for persons who have experienced an opioid overdose.
6. Provide treatment of trauma for individuals with OUD (e.g., violence, sexual assault, human trafficking, or adverse childhood experiences) and family members (e.g., surviving family members after an overdose or overdose fatality), and training of health care personnel to identify and address such trauma.
7. Support evidence-based withdrawal management services for people with OUD and any co-occurring mental health conditions.

---

<sup>15</sup> As used in this Schedule B, words like “expand,” “fund,” “provide” or the like shall not indicate a preference for new or existing programs.

8. Provide training on MAT for health care providers, first responders, students, or other supporting professionals, such as peer recovery coaches or recovery outreach specialists, including telementoring to assist community-based providers in rural or underserved areas.
9. Support workforce development for addiction professionals who work with persons with OUD and any co-occurring SUD/MH conditions.
10. Offer fellowships for addiction medicine specialists for direct patient care, instructors, and clinical research for treatments.
11. Offer scholarships and supports for behavioral health practitioners or workers involved in addressing OUD and any co-occurring SUD/MH or mental health conditions, including, but not limited to, training, scholarships, fellowships, loan repayment programs, or other incentives for providers to work in rural or underserved areas.
12. Provide funding and training for clinicians to obtain a waiver under the federal Drug Addiction Treatment Act of 2000 (“*DATA 2000*”) to prescribe MAT for OUD, and provide technical assistance and professional support to clinicians who have obtained a *DATA 2000* waiver.
13. Disseminate of web-based training curricula, such as the American Academy of Addiction Psychiatry’s Provider Clinical Support Service—Opioids web-based training curriculum and motivational interviewing.
14. Develop and disseminate new curricula, such as the American Academy of Addiction Psychiatry’s Provider Clinical Support Service for Medication-Assisted Treatment.

**B. SUPPORT PEOPLE IN TREATMENT AND RECOVERY**

Support people in recovery from OUD and any co-occurring SUD/MH conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the programs or strategies that:

1. Provide comprehensive wrap-around services to individuals with OUD and any co-occurring SUD/MH conditions, including housing, transportation, education, job placement, job training, or childcare.
2. Provide the full continuum of care of treatment and recovery services for OUD and any co-occurring SUD/MH conditions, including supportive housing, peer support services and counseling, community navigators, case management, and connections to community-based services.
3. Provide counseling, peer-support, recovery case management and residential treatment with access to medications for those who need it to persons with OUD and any co-occurring SUD/MH conditions.

4. Provide access to housing for people with OUD and any co-occurring SUD/MH conditions, including supportive housing, recovery housing, housing assistance programs, training for housing providers, or recovery housing programs that allow or integrate FDA-approved mediation with other support services.
5. Provide community support services, including social and legal services, to assist in deinstitutionalizing persons with OUD and any co-occurring SUD/MH conditions.
6. Support or expand peer-recovery centers, which may include support groups, social events, computer access, or other services for persons with OUD and any co-occurring SUD/MH conditions.
7. Provide or support transportation to treatment or recovery programs or services for persons with OUD and any co-occurring SUD/MH conditions.
8. Provide employment training or educational services for persons in treatment for or recovery from OUD and any co-occurring SUD/MH conditions.
9. Identify successful recovery programs such as physician, pilot, and college recovery programs, and provide support and technical assistance to increase the number and capacity of high-quality programs to help those in recovery.
10. Engage non-profits, faith-based communities, and community coalitions to support people in treatment and recovery and to support family members in their efforts to support the person with OUD in the family.
11. Provide training and development of procedures for government staff to appropriately interact and provide social and other services to individuals with or in recovery from OUD, including reducing stigma.
12. Support stigma reduction efforts regarding treatment and support for persons with OUD, including reducing the stigma on effective treatment.
13. Create or support culturally appropriate services and programs for persons with OUD and any co-occurring SUD/MH conditions, including new Americans.
14. Create and/or support recovery high schools.
15. Hire or train behavioral health workers to provide or expand any of the services or supports listed above.

**C. CONNECT PEOPLE WHO NEED HELP TO THE HELP THEY NEED  
(CONNECTIONS TO CARE)**

Provide connections to care for people who have—or are at risk of developing—OUD and any co-occurring SUD/MH conditions through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:

1. Ensure that health care providers are screening for OUD and other risk factors and know how to appropriately counsel and treat (or refer if necessary) a patient for OUD treatment.
2. Fund SBIRT programs to reduce the transition from use to disorders, including SBIRT services to pregnant women who are uninsured or not eligible for Medicaid.
3. Provide training and long-term implementation of SBIRT in key systems (health, schools, colleges, criminal justice, and probation), with a focus on youth and young adults when transition from misuse to opioid disorder is common.
4. Purchase automated versions of SBIRT and support ongoing costs of the technology.
5. Expand services such as navigators and on-call teams to begin MAT in hospital emergency departments.
6. Provide training for emergency room personnel treating opioid overdose patients on post-discharge planning, including community referrals for MAT, recovery case management or support services.
7. Support hospital programs that transition persons with OUD and any co-occurring SUD/MH conditions, or persons who have experienced an opioid overdose, into clinically appropriate follow-up care through a bridge clinic or similar approach.
8. Support crisis stabilization centers that serve as an alternative to hospital emergency departments for persons with OUD and any co-occurring SUD/MH conditions or persons that have experienced an opioid overdose.
9. Support the work of Emergency Medical Systems, including peer support specialists, to connect individuals to treatment or other appropriate services following an opioid overdose or other opioid-related adverse event.
10. Provide funding for peer support specialists or recovery coaches in emergency departments, detox facilities, recovery centers, recovery housing, or similar settings; offer services, supports, or connections to care to persons with OUD and any co-occurring SUD/MH conditions or to persons who have experienced an opioid overdose.
11. Expand warm hand-off services to transition to recovery services.
12. Create or support school-based contacts that parents can engage with to seek immediate treatment services for their child; and support prevention, intervention, treatment, and recovery programs focused on young people.
13. Develop and support best practices on addressing OUD in the workplace.

14. Support assistance programs for health care providers with OUD.
15. Engage non-profits and the faith community as a system to support outreach for treatment.
16. Support centralized call centers that provide information and connections to appropriate services and supports for persons with OUD and any co-occurring SUD/MH conditions.

**D. ADDRESS THE NEEDS OF CRIMINAL JUSTICE-INVOLVED PERSONS**

Address the needs of persons with OUD and any co-occurring SUD/MH conditions who are involved in, are at risk of becoming involved in, or are transitioning out of the criminal justice system through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:

1. Support pre-arrest or pre-arrainment diversion and deflection strategies for persons with OUD and any co-occurring SUD/MH conditions, including established strategies such as:
  1. Self-referral strategies such as the Angel Programs or the Police Assisted Addiction Recovery Initiative (“PAARI”);
  2. Active outreach strategies such as the Drug Abuse Response Team (“DART”) model;
  3. “Naloxone Plus” strategies, which work to ensure that individuals who have received naloxone to reverse the effects of an overdose are then linked to treatment programs or other appropriate services;
  4. Officer prevention strategies, such as the Law Enforcement Assisted Diversion (“LEAD”) model;
  5. Officer intervention strategies such as the Leon County, Florida Adult Civil Citation Network or the Chicago Westside Narcotics Diversion to Treatment Initiative; or
  6. Co-responder and/or alternative responder models to address OUD-related 911 calls with greater SUD expertise.
2. Support pre-trial services that connect individuals with OUD and any co-occurring SUD/MH conditions to evidence-informed treatment, including MAT, and related services.
3. Support treatment and recovery courts that provide evidence-based options for persons with OUD and any co-occurring SUD/MH conditions.

4. Provide evidence-informed treatment, including MAT, recovery support, harm reduction, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions who are incarcerated in jail or prison.
5. Provide evidence-informed treatment, including MAT, recovery support, harm reduction, or other appropriate services to individuals with OUD and any co-occurring SUD/MH conditions who are leaving jail or prison or have recently left jail or prison, are on probation or parole, are under community corrections supervision, or are in re-entry programs or facilities.
6. Support critical time interventions (“*CTT*”), particularly for individuals living with dual-diagnosis OUD/serious mental illness, and services for individuals who face immediate risks and service needs and risks upon release from correctional settings.
7. Provide training on best practices for addressing the needs of criminal justice-involved persons with OUD and any co-occurring SUD/MH conditions to law enforcement, correctional, or judicial personnel or to providers of treatment, recovery, harm reduction, case management, or other services offered in connection with any of the strategies described in this section.

**E. ADDRESS THE NEEDS OF PREGNANT OR PARENTING WOMEN AND THEIR FAMILIES, INCLUDING BABIES WITH NEONATAL ABSTINENCE SYNDROME**

Address the needs of pregnant or parenting women with OUD and any co-occurring SUD/MH conditions, and the needs of their families, including babies with neonatal abstinence syndrome (“*NAS*”), through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, those that:

1. Support evidence-based or evidence-informed treatment, including MAT, recovery services and supports, and prevention services for pregnant women—or women who could become pregnant—who have OUD and any co-occurring SUD/MH conditions, and other measures to educate and provide support to families affected by Neonatal Abstinence Syndrome.
2. Expand comprehensive evidence-based treatment and recovery services, including MAT, for uninsured women with OUD and any co-occurring SUD/MH conditions for up to 12 months postpartum.
3. Provide training for obstetricians or other healthcare personnel who work with pregnant women and their families regarding treatment of OUD and any co-occurring SUD/MH conditions.
4. Expand comprehensive evidence-based treatment and recovery support for *NAS* babies; expand services for better continuum of care with infant-need dyad; and expand long-term treatment and services for medical monitoring of *NAS* babies and their families.

5. Provide training to health care providers who work with pregnant or parenting women on best practices for compliance with federal requirements that children born with NAS get referred to appropriate services and receive a plan of safe care.
6. Provide child and family supports for parenting women with OUD and any co-occurring SUD/MH conditions.
7. Provide enhanced family support and child care services for parents with OUD and any co-occurring SUD/MH conditions.
8. Provide enhanced support for children and family members suffering trauma as a result of addiction in the family; and offer trauma-informed behavioral health treatment for adverse childhood events.
9. Offer home-based wrap-around services to persons with OUD and any co-occurring SUD/MH conditions, including, but not limited to, parent skills training.
10. Provide support for Children's Services—Fund additional positions and services, including supportive housing and other residential services, relating to children being removed from the home and/or placed in foster care due to custodial opioid use.

**PART TWO: PREVENTION**

**F. PREVENT OVER-PRESCRIBING AND ENSURE APPROPRIATE PRESCRIBING AND DISPENSING OF OPIOIDS**

Support efforts to prevent over-prescribing and ensure appropriate prescribing and dispensing of opioids through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Funding medical provider education and outreach regarding best prescribing practices for opioids consistent with the Guidelines for Prescribing Opioids for Chronic Pain from the U.S. Centers for Disease Control and Prevention, including providers at hospitals (academic detailing).
2. Training for health care providers regarding safe and responsible opioid prescribing, dosing, and tapering patients off opioids.
3. Continuing Medical Education (CME) on appropriate prescribing of opioids.
4. Providing Support for non-opioid pain treatment alternatives, including training providers to offer or refer to multi-modal, evidence-informed treatment of pain.
5. Supporting enhancements or improvements to Prescription Drug Monitoring Programs ("PDMPs"), including, but not limited to, improvements that:

1. Increase the number of prescribers using PDMPs;
2. Improve point-of-care decision-making by increasing the quantity, quality, or format of data available to prescribers using PDMPs, by improving the interface that prescribers use to access PDMP data, or both; or
3. Enable states to use PDMP data in support of surveillance or intervention strategies, including MAT referrals and follow-up for individuals identified within PDMP data as likely to experience OUD in a manner that complies with all relevant privacy and security laws and rules.
6. Ensuring PDMPs incorporate available overdose/naloxone deployment data, including the United States Department of Transportation's Emergency Medical Technician overdose database in a manner that complies with all relevant privacy and security laws and rules.
7. Increasing electronic prescribing to prevent diversion or forgery.
8. Educating dispensers on appropriate opioid dispensing.

**G. PREVENT MISUSE OF OPIOIDS**

Support efforts to discourage or prevent misuse of opioids through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Funding media campaigns to prevent opioid misuse.
2. Corrective advertising or affirmative public education campaigns based on evidence.
3. Public education relating to drug disposal.
4. Drug take-back disposal or destruction programs.
5. Funding community anti-drug coalitions that engage in drug prevention efforts.
6. Supporting community coalitions in implementing evidence-informed prevention, such as reduced social access and physical access, stigma reduction—including staffing, educational campaigns, support for people in treatment or recovery, or training of coalitions in evidence-informed implementation, including the Strategic Prevention Framework developed by the U.S. Substance Abuse and Mental Health Services Administration (“SAMHSA”).
7. Engaging non-profits and faith-based communities as systems to support prevention.

8. Funding evidence-based prevention programs in schools or evidence-informed school and community education programs and campaigns for students, families, school employees, school athletic programs, parent-teacher and student associations, and others.
9. School-based or youth-focused programs or strategies that have demonstrated effectiveness in preventing drug misuse and seem likely to be effective in preventing the uptake and use of opioids.
10. Create or support community-based education or intervention services for families, youth, and adolescents at risk for OUD and any co-occurring SUD/MH conditions.
11. Support evidence-informed programs or curricula to address mental health needs of young people who may be at risk of misusing opioids or other drugs, including emotional modulation and resilience skills.
12. Support greater access to mental health services and supports for young people, including services and supports provided by school nurses, behavioral health workers or other school staff, to address mental health needs in young people that (when not properly addressed) increase the risk of opioid or another drug misuse.

**H. PREPARE FOR AND RESPOND TO OPIOID OVERDOSES**

Support efforts to prevent or reduce overdose deaths or other opioid-related harms through evidence-based or evidence-informed programs or strategies that may include, but are not limited to, the following:

1. Increased availability and distribution of naloxone and other drugs that treat overdoses for first responders, overdose patients, individuals with OUD and their friends and family members, schools, community navigators and outreach workers, persons being released from jail or prison, or other members of the general public.
2. Public health entities providing free naloxone to anyone in the community.
3. Training and education regarding naloxone and other drugs that treat overdoses for first responders, overdose patients, patients taking opioids, families, schools, community support groups, and other members of the general public.
4. Enabling school nurses and other school staff to respond to opioid overdoses, and provide them with naloxone, training, and support.
5. Expanding, improving, or developing data tracking software and applications for overdoses/naloxone revivals.
6. Public education relating to emergency responses to overdoses.

7. Public education relating to immunity and Good Samaritan laws.
8. Educating first responders regarding the existence and operation of immunity and Good Samaritan laws.
9. Syringe service programs and other evidence-informed programs to reduce harms associated with intravenous drug use, including supplies, staffing, space, peer support services, referrals to treatment, fentanyl checking, connections to care, and the full range of harm reduction and treatment services provided by these programs.
10. Expanding access to testing and treatment for infectious diseases such as HIV and Hepatitis C resulting from intravenous opioid use.
11. Supporting mobile units that offer or provide referrals to harm reduction services, treatment, recovery supports, health care, or other appropriate services to persons that use opioids or persons with OUD and any co-occurring SUD/MH conditions.
12. Providing training in harm reduction strategies to health care providers, students, peer recovery coaches, recovery outreach specialists, or other professionals that provide care to persons who use opioids or persons with OUD and any co-occurring SUD/MH conditions.
13. Supporting screening for fentanyl in routine clinical toxicology testing.

**PART THREE: OTHER STRATEGIES**

**I. FIRST RESPONDERS**

In addition to items in section C, D and H relating to first responders, support the following:

1. Education of law enforcement or other first responders regarding appropriate practices and precautions when dealing with fentanyl or other drugs.
2. Provision of wellness and support services for first responders and others who experience secondary trauma associated with opioid-related emergency events.

**J. LEADERSHIP, PLANNING AND COORDINATION**

Support efforts to provide leadership, planning, coordination, facilitations, training and technical assistance to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, the following:

1. Statewide, regional, local or community regional planning to identify root causes of addiction and overdose, goals for reducing harms related to the opioid epidemic, and areas and populations with the greatest needs for treatment

intervention services, and to support training and technical assistance and other strategies to abate the opioid epidemic described in this opioid abatement strategy list.

2. A dashboard to (a) share reports, recommendations, or plans to spend opioid settlement funds; (b) to show how opioid settlement funds have been spent; (c) to report program or strategy outcomes; or (d) to track, share or visualize key opioid- or health-related indicators and supports as identified through collaborative statewide, regional, local or community processes.
3. Invest in infrastructure or staffing at government or not-for-profit agencies to support collaborative, cross-system coordination with the purpose of preventing overprescribing, opioid misuse, or opioid overdoses, treating those with OUD and any co-occurring SUD/MH conditions, supporting them in treatment or recovery, connecting them to care, or implementing other strategies to abate the opioid epidemic described in this opioid abatement strategy list.
4. Provide resources to staff government oversight and management of opioid abatement programs.

**K. TRAINING**

In addition to the training referred to throughout this document, support training to abate the opioid epidemic through activities, programs, or strategies that may include, but are not limited to, those that:

1. Provide funding for staff training or networking programs and services to improve the capability of government, community, and not-for-profit entities to abate the opioid crisis.
2. Support infrastructure and staffing for collaborative cross-system coordination to prevent opioid misuse, prevent overdoses, and treat those with OUD and any co-occurring SUD/MH conditions, or implement other strategies to abate the opioid epidemic described in this opioid abatement strategy list (*e.g.*, health care, primary care, pharmacies, PDMPs, etc.).

**L. RESEARCH**

Support opioid abatement research that may include, but is not limited to, the following:

1. Monitoring, surveillance, data collection and evaluation of programs and strategies described in this opioid abatement strategy list.
2. Research non-opioid treatment of chronic pain.
3. Research on improved service delivery for modalities such as SBIRT that demonstrate promising but mixed results in populations vulnerable to opioid use disorders.

4. Research on novel harm reduction and prevention efforts such as the provision of fentanyl test strips.
5. Research on innovative supply-side enforcement efforts such as improved detection of mail-based delivery of synthetic opioids.
6. Expanded research on swift/certain/fair models to reduce and deter opioid misuse within criminal justice populations that build upon promising approaches used to address other substances (*e.g.*, Hawaii HOPE and Dakota 24/7).
7. Epidemiological surveillance of OUD-related behaviors in critical populations, including individuals entering the criminal justice system, including, but not limited to approaches modeled on the Arrestee Drug Abuse Monitoring (“ADAM”) system.
8. Qualitative and quantitative research regarding public health risks and harm reduction opportunities within illicit drug markets, including surveys of market participants who sell or distribute illicit opioids.
9. Geospatial analysis of access barriers to MAT and their association with treatment engagement and treatment outcomes.
