To: The Honorable Chair and Members of the Oconto County Board of Supervisors

WHEREAS: the Land & Water Resources Committee, as granted within the Oconto County Zoning Ordinance under section 14.3303 (d) may Petition for Zoning Amendments, desires to rezone areas of parcels on behalf of property owners where an exchange of lands created incidental areas not consistent with the adopted Oconto Co Zoning District Map; and

WHEREAS: the owners of the affected lands have signed a consent agreement to have the county make application on their behalf in order to expedite the exchange of lands between parcel owners as provided on attached documents; and

WHEREAS: the incidental areas are of such nature that the department and the Land & Water Resources Committee felt it was not prudent to burden each applicant with separate rezone applications and the affected Town with the standard rezone review process involving Town Plan Commission/Town Board Review; and

WHEREAS: while the applicants or County did not meet with each town to consider the change in zoning, the department review for consideration of the consent rezones assured that no additional lots are being created, and that the rezone is to make the zoning consistent throughout the parcel; and

WHEREAS: the Land & Water Resources Committee held a public hearing on 1/10/2025 and after listening to testimony for and against, and after reviewing the application and the standards for rezoning lands under 14.3315 has recommended approval.

PRT Contract No.	ON-2025-001
Owner Ref.	

SEEDLING MANAGEMENT CONTRACT

THIS AGREEMENT effective this 28th day of November, 2024 between **OCONTO COUNTY WI** (“Owner”), of 301 Washington St. Room 3017, Oconto, WI, 54153-1620, USA and **PRT USA INC.** (“PRT”), of #101 – 1006 Fort Street, Victoria, British Columbia, V8V 3K4, Canada.

BACKGROUND:

The Owner has agreed to engage PRT to cultivate a minimum number of seedlings as summarized below for the initial term of this agreement and detailed in Schedule “A”, on the terms and conditions of this agreement:

YEAR AND TIME OF SOWING	YEAR AND TIME OF DELIVERY	MINIMUM NUMBER OF SEEDLINGS (K)
Spring 2025	Spring 2026	228.000
		228.000

AGREEMENTS:

For good and valuable consideration, the receipt and sufficiency of which each party acknowledges, the parties agree as follows:

1 RELATIONSHIP

- 1.1 Engagement. The Owner hereby engages PRT and PRT hereby accepts such engagement, for the purpose of providing the management services described in section 3.2 on the terms and conditions of this agreement.
- 1.2 Relationship. PRT and the Owner will at all times remain independent parties and are not, nor will they represent themselves to be, partners or joint venturers.

2 SUPPLY OF SEED

- 2.1 Seed Supply. The Owner will supply all seed from which it desires PRT to grow and deliver seedlings.
- 2.2 Title. Title to all seed supplied by the Owner and to all propagules and seedlings produced from such seed (the "Seedlings") will remain with the Owner throughout the initial term and any renewal term of this agreement, except as otherwise provided in this agreement.
- 2.3 Acquisition of Seed by PRT. If the Owner requests, and PRT agrees, to obtain the seed contemplated by this agreement, PRT will do so solely as the agent for the Owner and will have no obligation to the seed supplier or to the Owner, except as such agent. All seed so acquired for the Owner will be deemed for all purposes to be seed supplied by the Owner.

3 MANAGEMENT SERVICES

- 3.1 Nursery. PRT will manage the growth of the Seedlings at the nursery or nurseries specified in Schedule "A" or such other nursery facility as may be agreeable to the Owner (the "Nursery").
- 3.2 Services. PRT will perform the services (collectively, the "Management Services") of seedling production for the Owner and any other services included in Schedule "A" of this agreement.
- 3.3 Specifications. PRT will perform the Management Services in such a manner as to deliver to the Owner the Seedlings in the quantity, species, stock types and seedlots set out in Schedule "A". PRT further agrees to deliver the Seedlings in conformity with the specifications set out in Schedule "A" and the following further specifications (collectively, the "Specifications"):
 - a) the Seedlings will be in a morphological and physiological condition which is acceptable to the Owner, acting reasonably;
 - b) the Seedlings will be substantially free of disease, pests, chlorosis and mechanical damage; and
 - c) the Seedlings may have been treated only with pesticides registered under the Federal Insecticide, Fungicide, Rodenticide Act (FIFRA) and approved under such Act for application upon forest seedlings and applied in accordance with the manufacturer's specifications.
- 3.4 Supply of Materials. PRT will have the sole and exclusive right to determine the manner in which the Management Services are provided by it and shall supply, at its own expense, all materials other than the seed required for the provision of such Management Services.
- 3.5 Inspection. The authorized representative of the Owner will have a right of access to the Nursery premises at mutually agreed times, for the purpose of inspecting the Seedlings, including verifying completion of sowing and inventories of the Seedlings and in order to complete a final inspection.

4 **TERM AND TERMINATION**

- 4.1 Term. The initial term of this agreement will commence on the effective date shown on page one and will end on the date on which the Seedlings have been delivered to the Owner, or are deemed to have been abandoned by the Owner under this agreement, unless terminated earlier in accordance with the terms of this agreement. The parties may renew this agreement for one or more renewal terms by signing a revised Schedule "A" and attaching it to this agreement, which revised Schedule "A" will form part of this agreement and be deemed to be the Schedule "A" referred to herein. Each such renewal term will commence on the date on which the revised Schedule "A" is signed by both PRT and the Owner and will end on the date on which the Seedlings under the revised Schedule "A" have been delivered to the Owner, or are deemed abandoned by the Owner under this agreement, unless terminated earlier in accordance with the terms of this agreement.
- 4.2 Termination. If the Owner fails to make any payment required to be made under this agreement, and fails to remedy such breach within thirty (30) days of receipt of written notice from PRT requesting remedy thereof, PRT may, at its option, terminate this agreement without further notice to the Owner. In the event of such termination, the Owner will pay forthwith to PRT an amount equal to the Fees (as defined below) in full less any instalment payments previously received by PRT, and the Seedlings shall be deemed to have been abandoned to PRT.

5 **DELIVERY**

- 5.1 Delivery. PRT will deliver the Seedlings to the Owner F.O.B. the Nursery, or at such other location as is mutually agreeable to the Owner and PRT, before the delivery date set out in Schedule "A" (the "Delivery Before").

- 5.2 Shipment. PRT will mark all shipping containers with the planting stock description and box quantities (including species, age, stock type and seedlot) and will provide the Owner with shipping invoices showing the number of Seedlings, by species and stock types, and the pesticide uses and dates of application with each shipment.

6 **REPORTING**

- 6.1 Samples. At the Owner's request PRT will deliver samples of the Seedlings, provided that such samples will not exceed, in the aggregate, one-half of one percent (0.5%) of any of the seedling types specified in Schedule "A".
- 6.2 Reports. PRT will deliver reports to the Owner containing such details and information regarding the Seedlings as may reasonably be requested by the Owner.
- 6.3 Pesticide Reporting. PRT will maintain, and will make available to the Owner at the Owner's request, a complete and itemized written record of pesticide applications made to the Seedlings, including chemicals and dates.
- 6.4 Written Inventory. PRT will maintain, and will deliver to the Owner once during the crop cycle, a written inventory of the Seedlings and will advise the Owner of any material event which is likely to have a significant adverse impact on the physical condition or inventory of the Seedlings.

7 **PAYMENT FOR MANAGEMENT SERVICES**

- 7.1 Fees. In consideration of the Management Services, the Owner will pay PRT the management fees set out in Schedule "A" plus applicable taxes payable on such fees, which fees will be based on the number of Seedlings delivered (in aggregate, the "Fees"). All dollar amounts shall be in U.S. dollars unless otherwise specified.
- 7.2 Payment Schedule. The Owner agrees to pay the Fees in installments, in accordance with the payment schedule set out in Schedule "B". The Owner agrees to make all payments on PRT's standard invoice terms and in lawful U.S. Funds by Electronic Funds Transfer (EFT) or by check on bankers' draft negotiable by PRT without fee at a Canadian or U.S. chartered bank designated by PRT.
- 7.3 Excess Payments. If, on the Delivery Date, the aggregate instalment payments made to PRT exceed the Fees owing for the Seedlings actually delivered on the Delivery Date, PRT will repay the amount of such excess to the Owner within 30 days of such date.
- 7.4 Holding Over Fee. If the Owner fails to accept any or all of the Seedlings on the Delivery Date as specified in Schedule "A" and the Seedlings have met the Specifications by such date, then the Owner shall pay to PRT, upon invoice, the amount of accrued and unpaid Fees as at the Delivery Date plus a sum equal to five percent (5%) of the Fees for each additional month or portion thereof during which the Owner does not take delivery of the Seedlings. The additional fee shall be payable upon delivery of the Seedlings.

8 **EXCESS PRODUCTION AND ABANDONMENT**

- 8.1 Excess Seedlings. If PRT produces Seedlings in excess of the quantities specified in Schedule "A" ("excess seedlings"), then PRT will offer such excess seedlings to the Owner at a fee per seedling equal to the fee set out in Schedule "A" for similar stock. If the Owner does not accept the excess seedlings within sixty (60) days following the lift date for the excess seedlings, it will be deemed to have abandoned all of the excess seedlings to PRT as of the Delivery Date.
- 8.2 Excess Seedlings – Mandatory Contract Overruns. The Owner agrees to accept Excess Seedlings identified as

Mandatory Contract Overruns at a fee per seedling equal to the fee set out in Schedule "A" for similar stock. Mandatory Contract Overruns are defined as those excess seedlings required to complete the packaging of one full box of an order over the original contracted requested seedlings

- 8.3 Failure to Accept Seedlings Meeting Specifications. If, for any reason, the Owner does not take delivery of the Seedlings on the Delivery Date, except only by reason of the failure of PRT to make delivery available in accordance with the terms of this agreement, and if the Seedlings meet the Specifications, the Seedlings will be deemed to have been abandoned to PRT by the Owner upon the expiration of fifteen (15) days from the Delivery Date provided that prior to the expiration of such 15 day period the Owner has not notified PRT that it wishes to engage PRT, and PRT accepts this engagement, on a holding over basis on the terms set out in paragraph 7.4.
- 8.4 Seedlings Not Meeting Specifications. The Owner is not obligated to accept delivery of any of the Seedlings which do not meet the Specifications. However, the Owner may agree to accept such seedlings on such other terms as are mutually acceptable to the Owner and PRT. If the Owner does not accept such seedlings on the terms of this agreement or such other terms upon which PRT and the Owner may agree:
- a) the Owner will be relieved of its obligation to pay that portion of the Fees directly related to the non-conforming seedlings and will be entitled to a refund of all instalment payments made in respect of such seedlings. PRT will make such refund payments to the Owner within 30 days of the expiration of the initial term or, as applicable, any renewal term, of this agreement and PRT will be entitled to set-off any such refund payments against Fees payable by the Owner to PRT under this agreement; and
 - b) the Owner will be deemed to have abandoned such non-conforming seedlings to PRT as of the planned Delivery Date or the date of notification of abandonment, whichever is earlier, without any right of compensation therefor.
- 8.5 No Obligation to Account. When used in this agreement the term "abandonment" (and any variations thereof) means that the Owner has abandoned to PRT absolutely all of the Owner's right, title and interest in and to the Seedlings for all purposes and except as otherwise expressly provided herein, with no right of compensation therefor or refund of Fees. PRT will not be obliged to account to the Owner in any fashion for the use made or proceeds of the Seedlings abandoned to PRT under the terms of this agreement.

9 LIMITED WARRANTY

- 9.1 Seedling Survival. PRT warrants to the Owner that seedlings produce under the terms of this Agreement and which are subject to cold storage at a PRT cold storage facility or other agreed upon cold storage facility shall be capable of ninety percent (90%) or greater survival, as determined by potting tests, when shipped to the Owner.

In the event that seedlings are not capable of survival as described, PRT agrees to advise the Owner immediately, and further agrees to provide sufficient seedlings to make up the balance to one hundred percent (100%) of the original delivered amount, as soon as possible, and not later than two years after the originally planned shipping date.

Except as specifically provided in this Section 9, there are no warranties, express or implied, in connection with the sale or survivability of the seedlings or the provision of management services hereunder, and all warranties, including warranties or merchantability or of fitness for a particular purpose, are hereby disclaimed.

10 NOTICES

- 10.1 Notices. Any notice or report or other communication required to be given by either party to this agreement

will be given in writing and will be deemed to have been duly given if delivered by hand or by verified facsimile, or upon the third business day after the communication has been delivered to Canada Post or the U.S. Postal Service, whichever may be applicable, postage prepaid, for delivery by registered mail to the other party at the address set out on page one.

- 10.2 Authorized Official. The Owner will appoint an authorized official with complete authority to exercise all discretion of the Owner provided for in this agreement and to conduct all inspections, approve all documents and otherwise communicate with PRT under this agreement and will specify such authorized official in Schedule "C". PRT will not be obliged to look to any further authority for the purposes of this agreement than the designation of the authorized official in Schedule "C". If the Owner fails to appoint an authorized official, or to replace such authorized official when necessary and to notify PRT of such replacement, the President of the Owner (or the signatory to this agreement if the Owner is not a corporation) will be deemed to be the authorized official.

11 **GENERAL CONDITIONS**

- 11.1 Governing Law. This agreement will be governed by and interpreted in accordance with the laws of the state of Washington, U.S.A., and the parties hereby attorn to the jurisdiction of the Superior Court of King County, Washington, with venue in Seattle, Washington, in the event of the submission of any dispute to litigation.
- 11.2 Time of Essence. Time will be of the essence of this agreement.
- 11.3 Entire Agreement. This agreement constitutes the entire agreement between the parties and there are no representations, warranties, collateral contracts, conditions or terms, express or implied, other than included herein.
- 11.4 Force Majeure. PRT shall not be required to perform any term, obligation, covenant or condition of this Agreement so long as such performance is delayed or prevented by any acts of God or of the public enemy, wars, insurrection, riot, fire, flood, strikes, lockout or other industrial disputes, First Nations disputes or blockades, material or labor restriction by any governmental authority, state of emergency or public health emergency declared by a governmental authority, a pandemic (including, without limitation, COVID-19), government mandated quarantine or travel bans, government mandated closures, disruption, breakdown, delayed production or interruption for any period of time of transportation, the use of equipment, labor or materials including, without limitation, the closing of government buildings, airports, harbors, railroads or pipelines or other infrastructure due to a worldwide or local pandemic or other health or climate related disruptions, or any other cause not reasonably within the control of such party and which by the exercise of due diligence such party is unable, wholly or in part, to prevent or overcome (each a "Force Majeure Event"); provided that if a Force Majeure Event results in PRT being unable to deliver the Seedlings but does not cause total destruction of the Seedlings, PRT will deliver and the Owner will accept such portion of the Seedlings as have grown and met the Specifications and the Owner will pay to PRT a proportional amount of the Fees.
- 11.5 Arbitration. In the event of any disagreement or dispute between the parties with respect to this agreement or the interpretation thereof, the dispute will be finally settled by arbitration administered by the Commercial Arbitration and Mediation Center for the Americas in accordance with its rules, with venue in Seattle, Washington. There shall be one arbitrator. The determination of the arbitrator shall be final and binding on the parties with the arbitration costs being borne equally by the parties, and the judgment or award rendered by the arbitrator may be entered in any court having jurisdiction thereof. Either party may serve notice to submit the dispute to arbitration, having attempted to resolve the dispute by agreement, if the dispute remains unresolved for a period of more than twenty-one (21) days after such attempt.
- 11.6 Limited Liability. PRT's liability for damages to the Owner for any cause whatsoever, and regardless of the form of action, whether in contract or in tort, will be limited to the Fees. In no event will PRT be liable for any

lost profits or savings, or for incidental, consequential, punitive or exemplary damages, regardless of the form of action, even if PRT has been advised of the possibility of such damages, or for any claim against PRT by any other party.

- 11.7 Survival. This agreement will enure to the benefit of and be binding upon the parties hereto, their personal representatives, successors and permitted assigns as the case may be. This agreement may not be assigned without the prior written consent of the other, provided that PRT may at any time assign this agreement or subcontract the Services or any portion thereof, to any affiliate of PRT.
- 11.8 Severability. If any term of this agreement is partially or wholly invalid or unenforceable, the remainder of this agreement will not be affected and each remaining term will be separately valid and enforceable. The parties hereto agree to negotiate in good faith to agree to a substitute provision which will be as close as possible to the intention of an invalid or unenforceable provision as may be valid or enforceable.
- 11.9 Schedules. For greater certainty, it is specifically agreed and acknowledged that Schedule A, Schedule B, Schedule C and Schedule D attached hereto and separately signed by the parties form part of this agreement.

Sec. 1.1 PURPOSE

This policy is created to provide consistency among the various Oconto County Departments to improve financial management of County programs and services. This policy is under the administration of the Finance Director who may promulgate policies via an Accounting Procedure Handbook to specify the administration of this section, with the direction and approval of the Administration Committee.

Sec. 1.2 AUTHORITY

The Administration Committee shall recommend to the County Board any modifications to this policy. The County Board has full authority to modify and update this policy as necessary.

Sec. 1.3 AUTHORIZED EXPENDITURES

No funds may be expended, obligated, or encumbered by any department, board, agency, commission, or entity of Oconto County except pursuant to a lawful appropriation of the Oconto County Board of Supervisors contained in the annual budget or as amended for the current year or as otherwise allowed under this policy.

Sec. 1.4 STANDARDS OF ACCOUNTING

1. Oconto County shall account for its receipts and uses of funds according to Generally Accepted Accounting Principles (GAAP) adopted as Government Accounting Auditing and Financial Reporting (GAAFR) and endorsed for government agencies by the Governmental Accounting Standards Board (GASB) as such standards are embodied in the latest edition of financial accounting standards issued by GASB.
2. The Oconto County Finance Director shall be vested with responsibility to determine compliance by the County and its departments with these accounting standards. The Finance Director may vary from the requirements of these standards where the unique circumstances of Oconto County so dictate, but no variance may be made if its effects would be to falsely represent the actual financial condition of the County. Variations will be reported to the Administration Committee at the next meeting.

Sec. 1.5 PURCHASE ORDERS

The use of County purchase orders is optional in most cases and their use is at the department head's discretion. A purchase order may be used, when requested by a vendor to place an order, to have as a record on file of an order placed by the department or any other use deemed appropriate by the department head. A County purchase order may be used when requesting lodging reservations, the purchase order being the authorization for the lodging establishment to direct bill the county. A copy of the electronic purchase order can be found on the Intranet, Form 202.

Sec. 1.6 PAYMENT OF INVOICES; GENERALLY

Refer to Internal Control Procedures Manual – Vouchers & Cash Disbursements – Processing Vouchers – Sec. 3-1-1 to 3-1-4 for policies and procedures.

1. Receipt and Approval of Invoices

Invoices may be received through the mail or electronically, and should be date stamped when received. All invoices must be scanned into BS&A accounts payable module for

processing. This can be done at the department level or in the Finance Department. Invoices should include the vendor name and address, date, items/services purchased, and the cost per item/service. Statements showing only a "Balance due" are not acceptable. All vendors (except one-time vendors) must have a completed Form W-9 on file in the Finance Department before payment will be made.

Department Heads, or their designee, are notified electronically of all invoices needing approval. Department Heads, or their designee, should then review the invoice for accuracy and reasonableness, assign a g/l number(s), and approve for payment. Department heads should note the due date of the invoice to avoid any late charges.

If no invoice exists and payment to a vendor is warranted, the Department Head must provide written documentation noting the name and address of the vendor, date, item (s) or services purchased, cost per item/service, and any other notes needed to ascertain the reason for the payment. This written documentation should then be scanned into BS&A for processing.

Invoices greater than 30 days old should be checked to ensure that they have not already been paid. Invoices greater than 6 months old should be investigated by the Department Head to determine the delay and if payment should be made.

Oconto County is tax exempt. Any applicable taxes should be deducted from the invoice. A tax exempt certificate (Form 217) is available on the Intranet.

All invoices shall be reviewed and processed for payment in a manner that is prudent with sound financial management.

2. Invoice Processing

Once an invoice is approved at the department level, it then moves onto the Finance level, through the BS&A workflow. Approved invoices are paid weekly, typically on Friday, with a cut-off date of Wednesday 10:00 am, in most cases. Approved invoices are batched and totaled, and a report then given to the Finance Director. The Finance Director, or designee, then reviews the invoices for accuracy, reasonableness, appropriate g/l number(s), proper documentation, etc. The Finance Director then completes the final approval of the invoices.

3. Payment

Payment is completed in the Treasurer's Office. Invoices approved for payment shall be paid either by check, signed by the County Clerk, County Treasurer, and the County Board Chair, or by ACH, or by electronic funds transfer (EFT). In the event of an office vacancy or emergency, only two signatures are required. Only the Finance Department is authorized to subscribe to any electronic service from a vendor, which involves payment of invoices.

Remittances should be included with payment when it is deemed necessary in order for the vendor to post the payment correctly. Remittances are due to the Finance Department by noon on Wednesday. If payment is made via ACH, an electronic remittance will be sent to the vendor via email. All accounts payable checks shall be mailed by the Treasurer's office.

In rare, extraordinary circumstances, an accounts payable check may be returned to a department. Form 210 – Request for Return or Hold of Accounts Payable Check or a written request must be completed and forwarded to the Finance Department for approval prior to processing the payment. The “Do Not Mail” box should also be checked in BS&A.

4. Home Committee/Administration Committee Approval

The Administration Committee may supplement the appropriations for a particular office, department, or line item by transfers from the contingency account. Such transfers shall not exceed the amount set up in the contingency account as adopted in the annual budget. Required publication provisions shall apply to all transfers from the contingency account. Nothing in this subsection authorizes the funding of new positions unless those positions have been properly created.

3. County Board Authority

The approval of two-thirds (2/3) of the County Board in attendance is required for all transfers from the contingency fund.

4. Continuing Appropriations

It is the policy of the County to close all accounts and funds at year's end, except for those that may be required by law and/or for sound financial administration. Those departments that have a need for funds appropriated in the current budget year in an account to be carried forward to the next fiscal year must submit a request to the Administration Committee. Such request will be made using form 204 prescribed by the Finance Department, which will indicate the account, the reason for the carry-over and the department's home committee approval. The request must be forwarded to the Finance Department for review no later than the last working day in January of the ensuing year. The Finance Department will submit the request to the Administration Committee for approval. Non-lapsing accounts that historically have been carried over from year to year require County Administrator and Finance Director approval only, however department heads should report all carry ~~forward~~ ever accounts to their home committee.

5. Budget Compliance

This section outlines procedures to be used by departments and agencies for maintaining compliance with the county's adopted budget:

- a. The County budget is a formal document adopted annually by the county board of supervisors, which becomes a legal appropriation. As a segment of this document, a department's budget consists of one or more expenditure accounts and those accounts are comprised of one or more detailed line items. Financial reports for all departments and funds are available through the BS&A General Ledger module. Each department is responsible for monitoring and managing their resources to ensure that expenditures do not exceed the legal appropriation for their department.
- b. The process for maintaining budgetary and financial compliance shall be as follows:
 1. Line items – If an individual expense category line item becomes expended more than its adopted budget by 50% or less, or by less than \$150 no adjustment is required unless it would cause the entire account to become over-expended. If the line item is greater than 150% of its budget and can be covered by another line item (or items) within the same account, then the department head shall submit a line item budget transfer request, approved by their ~~H~~home ~~C~~committee, to the Finance Department detailing the line items and amounts and an explanation why the particular line item has become over-expended and why the source line item(s) can be used. If additional department revenues have been collected that would offset the expense overage, then no budget adjustment is needed. The Health & Human Services Department is exempt from this section, as the department maintains account compliance by the following Section 1.8(5b2).

2. Department Account(s) – If an account within a department becomes over-expended, or appears that it will become over-expended, and the department head believes that funds are available in another account within the department to cover the expenditures, then the Department Head shall prepare a budget transfer request detailing the amounts and an explanation why the particular account has become over-expended and why the source account(s) can be used for the transfer. The account transfer request must be approved by the department's Home Committee if over \$10,000. The transfer request is then to be forwarded to the Finance Department (or maintained on file in the Health & Human Services Department for Human Services accounts). If additional department revenues have been collected that would offset the expense overage, then no budget adjustment is needed. If the department only has one account or does not believe funds are available from other accounts within the department, then the department shall use the process in Sec 1.8 (5b3).
3. Total Department – If the total expenditures for a department (or fund, in the case of Health & Human Services and Highway/Co Road & Bridge) exceed or appear they will exceed the legal appropriation for the department as a whole, then the department head must, in consultation with their Home Committee and the County Administrator, submit a report to the Administration Committee detailing the situation and a plan to correct the deficit. If additional department revenues have been collected that would offset the expense overage, then no budget adjustment is needed.
- c. These procedures need not apply to those accounts which are expenditure reimbursed accounts deriving funds entirely from federal, state and local sources, including highway fund cost pool, state and local districts road and bridge accounts.
- d. Non-compliance with the above procedures may result in delays in the processing of payments to vendors and other payees. Any additional or related costs due to delays are the responsibility of the department.

Sec. 3.0 FUND BALANCE POLICY

NON-SPENDABLE FUND BALANCE

The amount of fund balance that cannot be spent because it is either not in spendable form or there is a legal or contractual requirement for the funds to remain intact.

1. At year end, the Finance Director will record the portion of fund balance that is not in spendable form or required to remain intact.

RESTRICTED FUND BALANCE

The amount of fund balance that is constrained for specific purposes by external parties, state statutes, grant requirements, or other enabling legislation.

1. At year end, the Finance Director will record the portion of fund balance that is restricted. A subsidiary ledger will be maintained as to the type and purpose of the restricted funds.

COMMITTED FUND BALANCE

The amount of fund balance that is constrained for specific purposes by action of the County Board. These constraints can only be removed or changed by the County Board using the same action that was used to create them.

1. Any specific purpose identified to be committed by the County Board will be set forth by County Board resolution stipulating the purpose and the amount of fund balance to be committed.
2. Committed fund balances approved in prior years, will be carried forward until changed by a subsequent resolution or until the funds identified for the specific purpose have been expended.

ASSIGNED FUND BALANCE

The amount of fund balance that is constrained for specific purposes by action of the Administration Committee and/or county management. By practice, the County Administrator and Finance Director recommend assigned fund balances to the Administration Committee for their approval.

1. An assigned fund balance is to be maintained at a minimum of \$2,500,000 to provide an adequate reserve for unforeseen costs.
2. In addition, at year end, the Finance Director will record the portion of fund balance that is assigned for other specific purposes. A subsidiary ledger will be maintained as to the department and purpose of the assigned funds.

UNASSIGNED FUND BALANCE

The amount of fund balance that is available for any purpose and has not been assigned to other funds or fund classifications (restricted, committed, assigned). The County will maintain unassigned fund balances to provide necessary working capital to avoid cash flow interruptions and/or short-term borrowing to fund daily operations. These fund balance reserves are used to generate interest income and to assist in maintaining an investment grade bond rating.

1. The general fund designated, unassigned (working capital) balance is to be maintained at a minimum of \$5,000,000 to provide an adequate cash flow.
2. In addition, the Finance Director will record an unassigned fund balance for the amount budgeted in the subsequent year.

HIGHWAY FUND

The following classifications are Unrestricted Retained Earnings for financial statement reporting. An Assigned classification is designated for internal reporting and record-keeping purposes.

1. The internal service (Highway) fund Retained Earnings-Assigned shall be maintained at a minimum of one months (8.3%) equivalent of the fund's annual operating expenses (prior year audited), to provide an adequate cash flow for working capital.

2. The internal service (Highway) fund Retained Earnings-Assigned shall maintain an amount equal to the prior year's depreciation charge (as reported in the Highway closing Exhibit A Schedule 8). This reserve is available to fund capital asset purchases in the subsequent years.
3. The internal service (Highway) fund Retained Earnings-Assigned shall maintain an Inventory Reserve equal to the amount of net inventory assets at end of year.
4. In addition, the Finance Director will record an Assigned fund balance for the amount budgeted in the subsequent year.

Sec 4.0 TRAVEL, EXPENSE AND OTHER REIMBURSEMENT POLICIES

See Section 1.9 (8) for County Credit Card policy/procedure. No non-overnight meals shall be charged to County credit cards. Employees will pay for non-overnight meals and submit a reimbursement form to the Finance Department.

Sec 4.1 ELIGIBILITY

Members of the County Board, County Elected Officials and their deputies, members of Committees, Boards and Commissions, Department Heads and such other employees or other authorized persons as are expressly authorized by their respective department heads and governing committee shall be entitled to reimbursement for travel expenses and other expenses as provided herein. This section is subject to the terms of any labor agreement entered into by the County.

Individuals traveling on official County business may require a reasonable accommodation, as required by Federal Americans with Disabilities Act (ADA) and/or Section 504 of the Rehabilitation Act of 1972. Reasonable accommodations could take various forms such as payment of portage costs or allowing a personal attendant to accompany the individual while on travel status.

Sec 4.2 TRAVEL – VEHICLE TRANSPORTATION

All employees traveling on county business are expected to exercise reasonable judgement when incurring travel costs, using the most direct and cost-effective means possible. Although not every scenario can be addressed in this policy, reason and logic should be applied when determining reimbursable mileage.

1. Calculation

Mileage for attendance at conventions, conferences, seminars, or other authorized business travel shall be calculated using the distance from the person's home to the business location or the distance from the person's permanent work site to the business location, whichever distance is less. These same rules apply to eligible persons "working from home" due to illness, quarantine, etc. Reimbursement shall be calculated using the distance from home or the person's usual worksite, whichever is less.

No mileage will be allowed for travel between an employee's home and work site. Therefore, if an employee is working from home or if an employee begins and/or ends their work day from home, all miles driven that day must be reduced by the number of miles of their commute between their home and official work site. If a client is being transported for official business during the commute, those specific miles while the client is in the vehicle will be reimbursable.

2. County-Owned Vehicles/Reimbursement Rates

Employees traveling for official business are required to use a county-owned vehicle if one is available, except in situations that would involve an excessive loss of time/cost or an increase in OT costs, emergencies, inclement weather events, or surveillance. Reasons for such exemptions must be noted on the reimbursement form (Form 213 or similar form) and approved by the Department Head. Employees shall be reimbursed for business mileage at the IRS rate, if a county-owned vehicle is not available or for one of the above mentioned exemptions.

An employee choosing not to use a county-owned vehicle when available, which results in a measurable increase of time or costs, will be denied reimbursement for mileage.

County-owned vehicles should not be used for personal use. However, if a county-owned vehicle is used for personal mileage, its use must be reported and paid for at the discounted rate of 15 cents below the IRS rate.

As a general rule, employees are not allowed to take county-owned vehicles home, except in situations where vehicles are "assigned" to a specific employee or a specific department (ex, Highway, Emergency Mgmt, LIS, etc.) or for unique/unusual circumstances where taking the vehicle home is the most logical and cost-effective decision. In these situations, employees are to complete Form 221 and submit it to the Finance Department. Per IRS regulations, these trips are considered a taxable fringe benefit and will be taxed accordingly.

Vehicles can be reserved using the fillable reservation form and keys may be picked up at the Health & Human Services office. If a vehicle reservation is made and not used or cancelled at the last minute, employees who used their personal vehicle on this day(s) should note this on their reimbursement form along with verification in order to claim reimbursement at the IRS rate.

Department heads should establish priority use guidelines in order to maximize county-owned vehicle use.

3. Vehicle Sharing

In the event more than one eligible person is traveling to the same destination, such persons shall, whenever reasonably possible, share a vehicle, or vehicles to reduce travel expense. In such case, mileage shall be paid to the eligible person actually providing the vehicle transportation. In the event one or more persons claim mileage in violation of this vehicle-sharing policy, for any type of personal reason, no reimbursement will be allowed.

4. Call-Out Mileage

Department Heads and employees (excluding County Board members and others as specified in employment contracts) otherwise eligible for reimbursement of mileage shall not be entitled to payment for travel between their home and their place of employment for normal, daily work, overtime work, attendance at County Board meetings, Committee, Board and Commission meetings. Persons who are eligible for after hours call-out pay, shall be eligible for reimbursement of mileage between their home and work site when **called in** outside of their normal working hours. Employees should note these miles separately on their reimbursement form as "call-out miles", as such payment may be considered a taxable fringe benefit under IRS guidelines. Call-out miles will be reimbursed at the IRS rate.

5. Other Reimbursement

Eligible persons shall receive full reimbursement of parking charges and/or tolls upon presentation of original receipts or actual cost expended for meters. No reimbursement will be made for traffic citations or parking tickets or fines.

Any other employee reimbursement for extraordinary or unusual circumstances will be considered on a case-by-case basis. Approval by the County Administrator and Home Committee is required.

Commented [LS8]: Past circumstance

6. Reimbursement Procedure

All mileage reimbursement requests must be submitted on Form 213 (or similar form), detailing starting address, ending address, purpose for trip, and number of miles. Each trip should be listed separately. The reduction of commuting miles (as per Section 4.2(1)) should also be noted.

The County Administrator has the authority to approve/deny any other mileage reimbursement situations, on a case-by-case basis, not specifically addressed in this policy.

Sec. 4.3 TRAVEL – PUBLIC TRANSPORTATION

1. Reimbursement for commercial air travel shall generally be limited to the least costly coach fare that uses a regularly scheduled commercial carrier.
2. A rental vehicle may be used in situations where it is the most cost-effective means of transportation or when the efficient conduct of County business precludes the use of other means of transportation.
3. Reasonable and necessary charges for taxi and airline limousines, including tips, are reimbursable when other modes of travel are not available or practical.

Sec. 4.4 LODGING

1. Eligible persons are expected to seek standard lodging accommodations that are comfortable, convenient, and safe; meet the business needs and offer good value. Reimbursement is limited to the rates established by the lodging establishments associated

with the event or if no established rate, a reasonable rate as allowed by the respective home committee. When making reservations, the governmental rate must be requested.

2. Room reservations must be made in advance, using a County purchase order, department credit card or the employee may use their own credit card. The purchase order is available from the Finance Department. It indicates to the lodging facility that the County is exempt from state and local room taxes. The purchase order also provides the information that the establishment needs for direct billing to the County for room costs. Any cancellation fees as part of the lodging establishment official policy will be paid by the county. The Wisconsin Sales/Use Tax Exemption Certificate (Form 217) is available on the Intranet and should be provided to all lodging establishments when making lodging reservations.
3. No additional room charges will be allowed.
4. Employees are prohibited from using the County's governmental status in order to obtain a reduced lodging rate/state rate for personal use or to avoid paying sales tax on purchases/services for personal use.
5. Reimbursement for lodging within 50 miles of Oconto County Courthouse is not permitted unless specially authorized in advance by home committee or County Board action.

Sec. 4.5 MEALS

See Section 1.9 (8) for County Credit Card policy/procedure. No non-overnight meals shall be charged to the County credit cards. Employees will pay for non-overnight meals and submit a reimbursement form to the Finance Department.

1. Eligible persons shall be reimbursed for the cost of meals, including tax, credit card fees, and tip of not to exceed 15% based on cost of the meal when the eligible person is on County business-related activities outside of Oconto County.
2. Eligible persons shall be reimbursed for the cost of meals , including tips and credit card fees at the following rates:
 - a. Maximum of \$40 per day for two or less meals
 - b. Maximum of \$50 per day for three meals (breakfast, lunch, and dinner only)
 - c. Maximum of \$60 per day for out of state meals (see Sec 4,6 (1) also)

Detailed receipts are required for all meals. Credit card receipts that do not provide an itemized detail of purchases will not be accepted.

3. Eligible persons shall not be reimbursed for the cost of meals when the eligible person is on County Business-related activities in Oconto County, except [in the following circumstances:](#)
 - a. -when the business activity involves conferences/sessions with outside agencies, such as other governmental units, in which case reimbursement for meals shall be pre-

approved by the appropriate **Department Head and/or Governing Committee/Board**,
and except for

Commented [LS9]: Need input from Admin committee ??

b. County Board members attending regional or district meetings of local, state, or federal officials having similar responsibilities or duties.

~~c.~~ Meals provided to employees by departments for occasional in-house, department wide training purposes are allowed, if budgeted and cost effective, as opposed to outside training.

Commented [LS10]: Clarification for dept. Current practice.

4. Eligible persons shall not be reimbursed for cost of meals included in the cost of registration for any conference, seminar, training sessions or meeting unless specifically authorized by the Administration Committee.
5. Expenditures for alcoholic beverages are not reimbursable-
6. Per IRS regulations, reimbursements for meals not overnight are considered a fringe benefit and may be taxable to the employee.

Sec. 4.6 CONVENTIONS, CONFERENCE, SEMINARS AND TRAINING

1. Registration fees and tuition are reimbursable with evidence of payment (receipt). Department Heads and staff may attend those conventions; conference, seminars, and training that are appropriate and approved by the Department Head if budgeted. Home Committee approval is needed for unbudgeted training and training of \$10,000 or over. All out-of-state training must be approved by the County Administrator and the Home Committee.
2. Conference/Seminar/Convention/Training is defined as an overnight event that per the agenda for that event states it is Conference/Seminar/Convention/Training. County Board members shall obtain prior authorization from the respective committees and attend these events in order to be eligible for a meeting per diem.

Sec. 4.7 COMPENSATION

1. Per diem compensation and salary will be established by the County Board at the annual meeting in odd numbered years.
2. Standing Committee and Board Members shall be paid per diem for actual meeting days attended with a maximum of two paid meetings for any given day. Standing meetings held within an hour before the County Board meeting are not eligible for a per diem. In the event any meeting of the Board of Adjustment exceeds five (5) hours, members in attendance shall be entitled to 2.0 per diem for that meeting. For attending meetings more than 150 miles from the County seat, which require leaving the day before, committee and board members shall be paid the non-standing committee per diem for the day traveling to the meeting and for the day returning from the meeting unless the return trip occurs on the same day as the meeting in which case the member shall be paid only one per diem. For attending meetings less than 150 miles from the County seat, Committee and Board Members shall not be paid per diem for the day traveling to the meeting and for the day returning from the meeting unless travel day occurs on the same day as the meeting in which case the member shall be paid only one per diem.

3. Standing Committee and Board Members are allowed meetings in excess of the limits set forth in Sec. 59.13(2) (b), Wis. Stats., and the compensation for such meetings except for meetings of Highway Committee, shall be as is established in Section 4.7(4).
4. The Highway Committee when acting in performance of their duties as Highway Committee members shall be paid per diem in excess of the amount set forth in Sec. 83.015, Wis. County Board Supervisors may attend additional seminars or conferences when funded and budgeted by a county department, and directly related to the standing committee the supervisor serves on. The standing committee shall approve the supervisor's attendance.
6. County Board members shall be paid a non-standing committee meeting per diem for attending the tour conducted by the County Administrator for newly elected or appointed County Board Members.
7. With the exception of the Chair and Vice-Chair, County Board Members shall be paid ½ of the non-standing per diem for attending a standing Committee meeting that they are not a member of and have authorization from a Committee to attend on behalf of that committee,

Sec. 4.9 CONFLICTS

In the event the terms of this policy conflict with the terms of any ordinance or resolution adopted by the Board prior to the adoption of this policy, the terms of this policy shall control the outcome of any such conflict.

Sec. 5.0 CAPITAL ASSET MANAGEMENT POLICY

1. **General:** With the implementation of Governmental Accounting Standards Board (GASB) Pronouncement #34, Oconto County is required to report all capital assets in its Government Wide Financial Statements. The recording of these capital assets is guided by this Capital Asset Management Policy. The essence of such a policy is the establishment of a capitalization (cost) threshold that will determine if an item is to be recorded as a capital asset.
2. **Definition:** Oconto County defines a capital asset as a tangible item which has an estimated useful life of at least two years following the date of acquisition and has a significant value (capitalization threshold).

3. Asset Categories and Thresholds

<u>CATEGORY</u>	<u>THRESHOLD*</u>
Land	ALL
Buildings	\$100,000
Building Improvements	\$ 50,000
Improvements Other Than Buildings	\$ 25,000
Machinery & Equipment	\$ 5,000
Motor Vehicles	\$ 5,000
Other Assets	\$ 5,000
Infrastructure	\$250,000

*except where federal/state regulations require a different amount

4. **Application:** The above definition applies to an *Individual item*. When similar items of an asset group that are individually less than the capitalization threshold but when added together exceed the capitalization threshold, that group may be capitalized.
5. **Valuation and Depreciation:** Assets are valued at cost or estimated cost when original cost is not determinable. The straight-line depreciation method is used, unless an alternative method is required for a federal/state program. Depreciation is computed based on an Asset Service Life Expectancy Table compiled by the County Finance Department. Land is not depreciated. A 15% salvage value may be used to arrive at an asset's depreciable value if applicable, except that buildings, building improvements, and improvements other than buildings (land improvements) get fully depreciated.
6. **Responsibility:** The Finance Department is responsible for developing and implementing the procedures for recurring and capitalization of the County's capital assets and for maintaining the Capital Asset Management System.

Sec 5.1 REVENUE RECOGNITION

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period.

The County considers all grant revenues to be available if they are collected within 180 days of the end of the current fiscal period. The County considers all other revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Sec 5.2 LEASE AND SBITA (Subscription-Based Information Technology Arrangements) REPORTING

Guidance for GASB 87 Leases and GASB 96 SBITA's require tracking and reporting for contracts that convey control to use another party's nonfinancial asset or IT software, as specified in the contract, for a period of time in an exchange or exchange-like transaction. The Finance department is responsible for tracking and reporting these contracts.

All departments must submit a copy of all contracts to the Finance department for determination of GASB 87 and GASB 96 compliance.

Sec. 6.0 FIDUCIARY (CUSTODIAL) ACCOUNTS

Fiduciary activity occurs when a governmental entity controls plan assets and has a fiduciary relationship with the plan beneficiary. Oconto County has identified several custodial accounts that meet this definition. Fiduciary (custodial) funds are maintained at the department head level and must be used in accordance with the specific plan benefits. Fiduciary accounts must follow all GAAP principals and be in accordance with GASB 84.

All fiduciary accounts must be reported to the Finance Director, who will track the activity for audit purposes.

All fiduciary (custodial) funds collected at the department level must be brought to the Treasurer's office, along with a completed deposit ticket (if necessary), for deposit into the proper custodial fund.

Sec. 7.0 CASH AND CASH MANAGEMENT

Refer to Internal Control Procedures Manual – Revenue & Cash Receipts – Sec. 2 for policies and procedures.

1. Purpose

Cash, which includes negotiable items (checks, money orders, certified checks and any other similar instrument), is the County's most sensitive asset and as such, proper cash management requires solid internal controls and strict adherence to cash management and deposit policies. This section defines policies and procedures related to cash, cash handling and cash management.

2. Cash Collections at Various Sites

For cash collected at the various sites within the County, including departments within the courthouse complex and off-site collection points, the following procedures are to be followed:

- a. Cash collections received should be receipted daily using pre-numbered receipts or an electronic receipting system.
- b. Cash should be immediately secured in a lockable cash drawer, cash box, safe or other secure receptacle.
- c. Cash in an office, other than a "petty cash" fund, is to be deposited with the County Treasurer on a daily basis or an authorized financial institution on a weekly basis, or more often if accumulated cash exceeds \$100.
- d. The prompt deposit of collections with the County Treasurer helps ensure the safety of cash, eliminates idle cash balances, allows for expedited cash flow and provides interest earnings.

3. Petty Cash Funds

Petty cash funds are provided to enable departments to make cash conveniently available for making change at the counter and/or for very minor purchases or reimbursements. The establishment and use of petty cash funds by departments is intended to be very limited. (See Attachment 1 for a listing of approved petty cash funds).

- a. A written request for the establishment of a petty cash fund or to increase the amount of a petty cash fund, must be submitted by the Department Head, approved by the department's Home Committee and forwarded to the Finance Department for approval by the Administration Committee.
- b. The amount of a petty cash fund should be such that replenishment of the fund, if and when needed, should be limited to what is needed for short period of time (one to three months).
- c. One member of the department should be designated as the petty cash custodian. Any transactions from the petty cash fund should be handled through this custodian.
- d. Any disbursement from a petty cash fund, other than making change, must be supported with a receipt or a pre-numbered petty cash withdrawal slip which indicates the date, amount and purpose of the transaction.
- e. The replenishment of the fund should be made by submitting an accounts payable voucher with the petty cash receipts/withdrawal slips attached supporting the requested reimbursement amount. The voucher should be made payable to ~~Oconto County Treasurer~~ Petty Cash, with the specific department listed in the description.
- f. Any petty cash fund which is determined to no longer be needed should be promptly returned to the County Treasurer and notification given to the Finance Director.
- g. Petty cash funds are subject to periodic, unannounced verification by the Finance Department.
- h. Loans and/or advances to employees are prohibited.
- i. Cashing checks for anyone is prohibited.
- j. No other cash funds are allowed, except approved petty cash funds.

Commented [LS11]: Change per Treasurer

4. Banking Accounts

All banking accounts must be authorized by the Administration Committee. The bank accounts shall be recorded on the County's general ledger and are subject to appropriate procedures for internal controls including performance of monthly reconciliations.

All banking accounts must be established by the Treasurer's office. Only the Treasurer's office is authorized to withdraw cash from any county banking account. The only exception are the following approved fiduciary/custodial accounts held by departments: Clerk of Courts account, Inmate Trust account, HHS Representative Payee account(s), and Jail Canteen account.

- a. If a separate banking account is needed to be established, a department must request approval from their home committee and forward the request to the Finance Department which in turn will forward it to the Administration Committee.
- b. One employee of the department will be designated as the bank account custodian. That person is responsible (either through performance or delegation) for maintaining a record of transactions, deposits, performing monthly bank reconciliations and safeguarding any check stock.
- c. The monthly bank statements are to be sent directly by the banking institution to the Finance Department, which will make a copy of the statement and forward the original statement and any enclosures to the department.
- d. Reconciliations of the bank statement are to occur monthly by the department. A copy of the reconciliation shall be forwarded to the Finance Department. Failure to perform and forward monthly reconciliations on a timely basis may result in a recommendation by the Finance Department to terminate the account.

Sec. 8.0 COUNTY LIBRARY TAX EXEMPTION

The following provides a process and procedure for a municipality which may file an application for exemption from the County library tax levy. It also indicates the County's actions regarding an application for exemption.

LIBRARIES Wis. Stats. 43.64 (County Tax):

Upon written application to the County Board, a municipality shall be exempt from the library tax if the district levies a tax for public library service and appropriates and expends for a library fund during the year for which the County Library Tax is made, a sum at least equal to an amount calculated in accordance with state statute..

To verify compliance with the statutes requiring that the municipality levies, appropriates and expends the required amount calculated, the municipality must furnish all of the following to the Office of the County Clerk by September 1 of each year.

1. A written application to the County Board of the County requesting exemption and signed by a municipal official; and

2. A copy of the municipality's budget showing the Library Service tax levy when the budget is adopted; or
3. A copy of documentation showing the subsequent payment of that amount to the library in the next year.

If a municipality does not maintain a public library that is located within its borders, then documentation which indicates an agreement for maintenance with a Joint Library Board with another municipality (65 Atty. Gen. 182) must be approved by the county board and on file with the County Clerk.

The Application will be approved if it meets all the conditions in Sec. 43.64(2), Wis. Stats.

An application For Exemption must be submitted annually by the municipality. It is not the responsibility of the County to initiate any application.

Sec. 9.0 COUNTY DISASTER RELIEF AID TO LOCAL MUNICIPALITIES POLICY

Policy:—In the event of a widespread disaster, Oconto County would consider providing financial assistance to municipalities for damage clean-up efforts.

Eligibility would be based on the following criteria:

1. Disaster affects a widespread area.
2. County Emergency Operations Center (EOC) was activated due to the disaster.
3. County issued a Declaration of Emergency.
4. State issues a Declaration of Emergency.

Financial assistance may be in a form of a grant or loan.

County Administration Committee is responsible to review any request and provide a recommendation to the full County Board.
