- e. If statewide approved wildlife damage claims exceed available funds, claims shall be paid on a prorated basis as established in s. NR 12.37(3) Wis. Adm. Code.

3. The Parties mutually recognize and agree:

c. All abatement measures prescribed to alleviate wildlife damage shall conform to the procedures and priorities found in the Wisconsin WDACP Technical Manual and will be accepted by the County as complete and appropriate "prescribed abatement". Other abatement measures may be used if approved in advance in writing by WDNR.

d. In the event equipment loaned by the County to a particular crop owner is damaged beyond normal wear and tear, the crop owner shall be responsible for parts and labor to repair and the County agrees to seek such costs in all reasonable manners, including legal action. If the repair cost exceeds the value of the equipment, the crop owner will be billed for the equipment. If the enrollee fails to pay:

1) The County shall refuse to provide subsequent materials or equipment until payment is made, (consequently the crop owner would be ineligible for a wildlife damage claim) to the County, or

2) The County will take reasonable legal action to recover the loss, and deposit the proceeds in the County's WDACP account.

e. Permanent fences for deer damage abatement shall only be recommended subject to the priorities and conditions set forth in the Wisconsin WDACP Technical Manual.

f. A WDACP enrollee for which a permanent fence has been recommended and approved will be required to agree to the design of the fence in advance of letting the project for bid. The enrollee

- g. A permanent fence contract shall be signed by the applicant/ landowner, the County, and WDNR prior to bidding for materials and installation costs. The Contract used shall have all the provisions in the "model" contract in the current WDACP "Technical Manual". This contract shall be registered with the appropriate County Register of Deeds.
- h. All permanent fences shall be built according to the specifications found in the current WDACP Technical Manual or have written approval from WDNR.
- i. The County will pay the WDACP's 75% obligation for permanent high tensile woven wire fence projects approved by the WDNR, when the County has determined that WDACP requirements for fence materials and construction have been met.
- j. The County shall conduct inspections a minimum of one each year of all permanent fences cost-shared through the WDACP to insure Fence Contract Compliance.
- k. The County shall seek competitive bids for all WDACP expenditures likely to exceed \$1,000 in cost.
- l. Enrollees shall be encouraged to integrate sound conservation practices with their normal agricultural practices. Counties may place as a condition for abatement and claims assistance that enrollees comply with County farm conservation plans.
- m. The County, in accordance with s. NR 12.35(4) will not administer abatement measures to persons not cooperating with County personnel or the County's agents responsible for administering the County's Wildlife Damage Abatement and Claims Program. Abusive language, behavior or threats of violence or otherwise will be considered a failure on the part of an applicant to cooperate. This condition of administration will be provided by the County or its agent, in writing to program participants.
- n. If the County elects to participate in the WDACP Venison Donation Program that is authorized by the WDNR in accordance with s. 29.89, Stats. in a given year, the County will establish and coordinate development of the program.
- o. The County will reimburse venison processing facilities for processing deer donated under a WDACP Venison Donation Program approved by the WDNR in accordance with s. 29.89, Stats. The County is obliged to reimburse participating venison processing facilities once it is determined that all WDACP Venison Donation Program requirements have been met by the facility.

2. WDNR agrees to:

Provide current information on abatement effectiveness through the WDACP newsletter and/or changes to the WDACP Technical Manual.

I. Wildlife Damage Claims.

1. The County agrees to:

- a. Advise County WDACP enrollees in writing regarding procedures and requirements for submitting a wildlife damage claim, and all other WDACP eligibility requirements.
- b. Require that potential claimants specify in writing or by telephone: the location of damage, crop(s) being damaged, species of wildlife causing damage and the date damage first occurred.
- c. Require that potential enrollees have a signed enrollment form (WDNR form) on file to meet the hunting requirements in s. 29.889 (7m), Stats. and s. NR 12.36(2) Wis. Adm. Code. The County may

require the enrollee to keep a hunting access log, using the approved form. This log shall be kept complete and the enrollee shall make this log accessible to the County, counties agent or WDNR for their enforcement of the hunting access requirement and to investigate any complaints regarding compliance to the hunting access requirement in s. 29.889 (7m), Stats.

- d. Date the damage notice, inspect the alleged damage to verify the enrollee's statements and recommend abatement measures.
- e. Determine the amount of huntable land and the applicable number of hunters for each enrollee in accordance with ss. NR 12.31 (4), Wis. Adm. Code, notify each enrollee of the requirement to allow open public hunting or managed hunting access (at least 2 hunters per 40 acres of land suitable for hunting), and provide "Hunting by Permission Only" signs if requested by the enrollee. Land suitable for hunting all eligible species other than deer and elk shall be determined in a manner consistent with NR 12.31(4). Land suitable for hunting deer and elk shall be determined in a manner consistent with NR 12.31(4e). Participants who only receive a deer shooting permit and waive any eligibility to receive a wildlife damage claim payment are exempt from the public hunting requirement (s. NR 12.36 (1m)).
- f. Provide the WDNR, and the public, upon request, a list of enrollees (and their contact information) who have signed enrollment forms under the terms of the WDACP.
- g. Notify WDACP enrollees that ineligibility on any site will result if they fail to:
 - 1) Control hunting access on all contiguous land under the same ownership and control, except in situations involving apiaries on land not controlled by the enrollee as defined in s. 29.889 (7m)(am), Stats.
 - 2) Allow public hunting for the species causing damage (two options available).
 - a) Open public hunting, or
 - b) Managed hunting access – the presence of 2 hunters/40 acres of land suitable for hunting
 - 3) Sign enrollment form(s)
 - 4) File a wildlife damage complaint with the County within 14 days of first damage each year.
 - 5) Follow the County's abatement prescriptions.
 - 6) Notify the County, orally or in writing, 10 days prior to harvest of crops subject to a statement of claim so that the County can conduct a damage appraisal.
 - 7) Comply with the requirement that they not charge any hunting, hunting access fee or any fee associated with the hunting the species causing damage.
 - 8) Meet their shooting permit harvest objective if a shooting permit has been issued.
- h. Inspect the crop prior to harvest, conduct an appraisal upon the crops using appraisal methods detailed in the WDACP Technical Manual, and prepare a wildlife damage claim form.
- i. Retain the claim until the end of the calendar year to determine the claimant's compliance with the WDACP requirements.
- j. Establish, as described below, uniform unit prices for eligible crops and calculate the value of the eligible wildlife damage claim.
- k. Deduct from the total wildlife damage claim amount any charge for damage to equipment or

materials supplied through the WDACP.

- I. Summarize and prepare the necessary WDNR forms for all eligible wildlife damage claims for review by the designated County oversight committee at the January meeting. Notify in writing any claimant whose wildlife damage claim has been rejected and state the reasons for the rejection, as well as, the appropriate appeal procedures in time for the February committee meeting. Review and approve all properly filed wildlife damage claims and forward all approved claims for a calendar year to WDNR by the succeeding March 1st.
 - m. Deny all wildlife damage claims for crops that were harvested without notification of harvest or before an appraisal was completed (within a 10 day period from notification of harvest).
 - n. Deny all wildlife damage claims for a crop site for which a WDACP enrollment form was not signed by the claimant and filed with the County.
 - o. Deny all wildlife damage claims where the County did not receive a complaint within 14 days of first damage.
 - p. Deny all wildlife damage claims concerning crop sites where the County's abatement recommendations were not followed.
 - q. Ensure that crop damage resulting from improper crop management is not included in official crop damage appraisals conducted County staff prior to preparation of the enrollee's official wildlife damage claim.
 - r. Deny all wildlife damage claims where the enrollee with a deer damage shooting permit had not complied with the WDNR prescribed harvest objective. However, if there is compelling evidence which shows deer were unavailable to being shot, then the County shall review such evidence following procedures described in s. NR 12.37(4)(a)4.b., Wis. Adm. Code.
 - s. Deny all wildlife damage claims on row crops for damage occurring to these crops during a particular growing season after 90 percent of the county harvest for this crop has been completed. The County oversight committee shall consult the local FSA and UW Extension offices for assistance in making the 90 percent determination.
2. WDNR agrees to:
Accept the amount of wildlife damage for all properly filed wildlife damage claims approved by the County as final for purposes of review.
3. It is mutually agreed by the County and WDNR that:
 - a. Damage assessment for compensation will be performed by County staff in accordance with the WDACP Technical Manual, and will be accepted by the County as complete and accurate "assessed damage".
 - b. Compensation prices will be established by the oversight committee, in cooperation with UW Extension, each year. Such prices will be established according to procedures set forth in the WDACP Technical Manual. Such prices will be applied to all individuals with eligible wildlife damage to that crop that year throughout the county.
 - c. Public complaints (abatement compliance, fraud, etc.) must be written and received by the County by December 31 to be given consideration in the wildlife damage claims determination process. Hunting access denial complaints shall be written and received by the County within 10 days of hunting access denial to be given consideration in the wildlife damage claims determination process, as described in the WDACP Technical Manual, Reference Manual).

RESOLUTION – R2025-02-11

To: The Honorable Chair and Members of the Oconto County Board of Supervisors

Re: **Resolution Urging Governor Evers and the Wisconsin Legislature to Support the County Courts**

WHEREAS, in 2023, the total cost to Wisconsin Counties for running all Circuit Courts was \$237 million. At the same time, the Court Support funding from the state to counties was \$28 million, 12 percent of the actual cost to run the local courts; and

WHEREAS, the Circuit Court system is intended to be a state-county partnership; and

WHEREAS, the state's fiscal responsibilities include Judges, Court reporters, CCAP equipment, and the Circuit Court Cost Appropriation; and

WHEREAS, the Counties are fiscally responsible for the majority of other functions of the court, including, but not limited to the following: bailiffs and court security officers, courthouse building maintenance, phones and utilities, Clerk of Court and Register in Probate, staff salaries and benefits, jury costs, psychological exams, guardians ad litem and court-appointed attorneys, expert witnesses, interpreters and translation fees, court commissioners, law libraries, corporation counsel, courtroom technology and audio visuals, copying machines and other non-CCAP office technology, office supplies, furniture, recruitment and training, financial collection efforts, mail fees, printing costs, exhibit and file storage, access to state data, insurance, service of court documents, judicial staff attorneys, and equipment repair; and

WHEREAS, over the last 10 years, the increase in the county portion of cost to run the courts is nearly six times higher than the increase in Circuit Court Cost Appropriations provided to cover these costs, and counties now pay almost \$150,000,000 more than the state in unbalanced Circuit Court costs.

NOW THEREFORE, BE IT RESOLVED by the Oconto County Board of Supervisors that Oconto County joins the Wisconsin Clerks of Circuit Court Association (WCCA) and the Wisconsin Counties Association (WCA) in their efforts to increase the Circuit Court Cost Appropriation by \$70 million payable to Wisconsin Counties in the 2025/27 Wisconsin State Budget.

BE IT FURTHER RESOLVED that this Resolution shall be effective upon its passage and publication and a copy be sent to Governor Evers and all Wisconsin State Legislators representing Oconto County.

Mr. Chairman,

I have been a member of the Bay Lake Regional Planning Commission Board for several years. I have enjoyed being a member of that board but after much consideration I would like to resign my position as soon as possible. I have found it psychically challenging to continue my position as a member of this board.

I would be very pleased if you would replace me with another representative of Oconto County. I know you will consider someone that is knowledgeable in the area of conservation. May I suggest you consider Al Stranz. I have spoken with Mr. Stranz and he said he would be interested in the position.

I am thankful that I was selected to be a member of the Bay Lake Board. It was a pleasure to be on that board but it is time for me to retire.

Sincerely

Karl Ballestad
